Dear Tian Yu Zhang,

On behalf of Mikason Group, we are really pleased your work and thank you for you to helping us with our software development project.

The internship started from 20th of December 2019 to 8th of March 2020 for a total of 65 days.

During this time you took on tasks and completed independently on your own. Whenever you have requirements to clarify, you took the initiative to ask for help and clarification, and your work had been really good.

We appreciated and thank you for your service.

Kindly Regards

Mike Chen

Director
